## Open Class! Open Sew!

Because our customers are busy people, it's hard for us to accommodate every schedule with specific class offerings. We are concentrating instead on sessions called **Sit & Sew with Geary**. Our resident expert can teach you any technique you want to explore.

### **SIT & SEW WITH GEARY - Geary Cuniff, teacher**

Bring anything you want to learn about and Geary will teach you how to do it. Or you can bring your unfinished projects and she'll get you going again to help you finish up. No project is too old, too undone or too unusual. And as a bonus – you'll learn from other people in the class! All levels welcome.
